Support from SASP

Please let SASP know if you need any support around promoting your offer to young people. We can connect you to your local school games organiser and assist with promotion. Please get in touch with scoombs@sasp.co.uk for more information on support.

We would need to be sent promotional posters to do this but can have individual conversations with providers. Please get in touch with scoombs@sasp.co.uk for more information.

Resource Hub

We have put together a resource hub for providers to access with useful documents. All information can be found at - www.sasp.co.uk/resources-hub
