

What is the Sports Leader Volunteer Passport?

This is to recognise the good work of young people who willingly give their time to benefit others in sporting activities. Students who clock up 10, 20, 30 and 50 hours will be awarded bronze, silver, gold and platinum awards respectively.

These hours can be clocked up during the JSLA teaching episodes, officiating in Level 1 or 2 Games, coaching in after school clubs, officiating school fixtures or central venue leagues and within community clubs. The logged hours must be signed off by the adult or teacher responsible for the activity.
